DIMENSIONS (+ APSE + CANOPY)

width: 240 cm
length: 200 (+ 80 + 50) cm
ridge height: 185 cm
side height: 75 cm

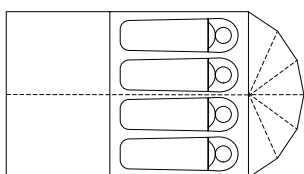

WEIGHT

canvas: 11,5 kg
frame: 4 kg
accessories: 0,9 kg
bag (packaging): 0,1 kg

FULL TRANSPORT BAGS

DIMENSIONS (VOLUME)

canvas + frame + accessories:
1 pcs, ø 40 × 80 cm (0,1 m³)

TOTAL AREA

6.7 + 3.6 m²

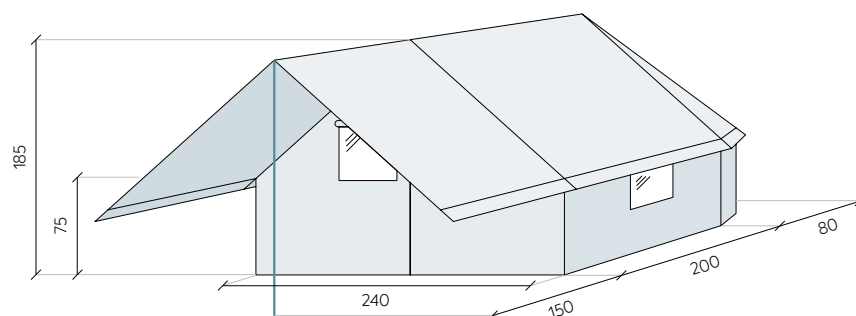

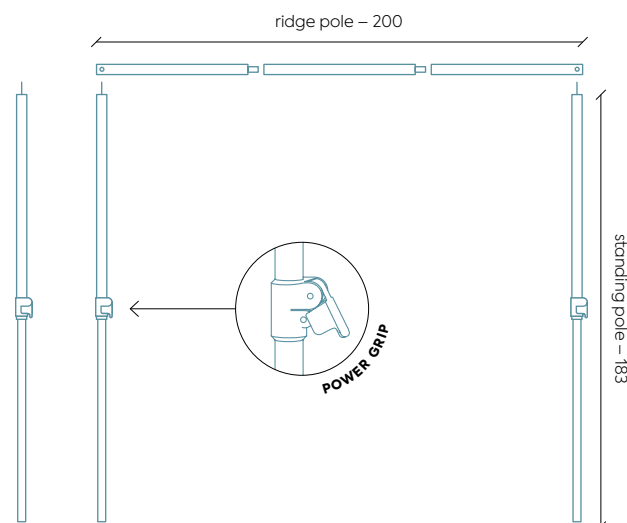

TOTAL WEIGHT

16.5 kg

ACCOMMODATION FOR

4 persons

COLOUR CHART

tent characteristics and usage

- A product with tradition
- Selection of quality input materials that provide a favourable climate in the room
- 5-year warranty
- Slovenian product
- 100% sustainable product
- Added canopy (150 cm in length)

Traditional scout canvas tent **CAMPER WITH CANOPY** is distinguished by a modern design. It has been developed at the request and in accordance with the needs and proposals of scouts, elders of Slovenian scout families, and the *Scout Association of Slovenia*.

Raised sides of the tent allow for better utilisation, as they allow sitting next to the sides and thus increase the usability of the entire floor area. Large windows on the doors and sides allow for brightness and good ventilation of the interior. **The canopy extends the usable floor plan** of the tent by 150 cm in length (3.6 m²). This provides extra space in front of the entrance, protected from the weather (sun, rain, etc.). It further helps to cool the interior since the front door can be completely open, and yet the effects of the sun do not reach the inside. The canvas is made of TenCate cotton fabric with excellent properties of ventilation and humidity regulation. It ensures a pleasant climate in the tent and is resistant to all weather conditions.

TENT MAINTENANCE AND CLEANING

Brush the canvas parts and, if necessary, wash them with a jet of water. **Use only a softer brush.** Spread out the tent and let it dry. Wash the frame and let it dry. Canvas parts, frame parts, and accessories should be packed and stored exclusively completely dry.

Machine washing, dry-cleaning, bleaching, tumble drying or ironing of canvases is not allowed. Tears and other damage to the outer canvas should be repaired by the manufacturer.
